we got there, and yet the Cabinet was still in session. I sent my name in for Mr. Lincoln, and he came out evidently in profound thought and full of some great subject. I stated the object of our call, and leaving the lady in one of the ante-chambers returned to the Senate, which had not yet adjourned. The case made a deep impression on me, but I forgot it in the excitement of the debate and the work of my office, until, perhaps, near 10 o'clock that night when my female friend came is enlistment shall be deducted not yet adjourned. Both the late cold weather the drouth have occasioned an immense loss of cattle in many por-tions of Texas. Indeed, the stock interest has not received for many years such a severe blow. According to the Texas papers, it is estimated that two hundred thousand head of cattle have died during the past few weeks in West-

Nucces rivers. IntGoliad alone twenty-five thous-and animals have been skinned, and about an equal number in San Patrico and Karnes counties. The San Antonio Herald says that in a space of one mile opposite fielene, one thousand or more ani-mals have been skinned. Within a space of three miles, near Kennedy's ferry, on the Nences, five-thousand more have died, and many of the

At last accounts the cattle were dying in Texas at a fearful rate from starvation. After the cold weather came a terrible drouth, and there was litterly no grass for them mated as one-half.
